Mini Fly

Built To Order

SKAARHOJ Mini Fly – Universal Compact Switching Controller

The Mini Fly offers a super compact switching surface with 6 input buttons, a Cut/Auto button, a shift key, and a fader for transitions, embodying flexibility and efficiency. The top buttons feature OLED displays, showcasing the function or value of the key, while the Four-way buttons double as encoders for adjusting values. Designed with space-conscious applications and basic user needs in mind, especially where a transition fader is desired, the Mini Fly is an essential tool for enhancing control in a variety of production settings, from live events to studio work.
