

# Rack Fusion Live w/Hall Effect Joystick Built To Order

*Rack Fusion Live - Universal Live Production Controller with PTZ Control Integration with Hall Effect joystick*

Rack Fusion Live by SKAARHOJ is the ultimate control solution for live production environments, combining multiple functions into a single rack-mountable unit. Designed to streamline one-man-band operations, Rack Fusion Live offers the unique ability to control live switching, PTZ cameras, and other live production devices all from one compact interface. It is a wild fusion of two well-established SKAARHOJ products - Live Fly and PTZ Fly - both combined in a chassis which allows desktop operation or rack/table mounting. Rack Fusion Live seamlessly integrates almost any live switching system with a wide variety of PTZ cameras.

## Benefits

- Precision PTZ control with Hall Effect joystick for detailed camera adjustments.
- Compact design ideal for small crews, versatile for desk or rack installation.
- RGB multi-level LEDs and OLED legends enhance visual feedback and control.
- Customizable control set including a 9-key bus row and multi-level shift ME section.
- Seamless integration with live switching setups, bolstered by PoE+ connectivity.
- Designed and built in Denmark, ensuring high-quality construction and reliability.
- Optimizes workflow efficiency in live production environments with versatile control options.
