Rack Fusion Live w/Hall Effect Joystick & NKK Buttons `Built To Order`

Rack Fusion Live - Universal Live Production Controller with PTZ Control Integration with Hall Effect joystick and NKK buttons

Rack Fusion Live by SKAARHOJ is the ultimate control solution for live production environments, combining multiple functions into a single rack-mountable unit. Designed to streamline one-man-band operations, Rack Fusion Live offers the unique ability to control live switching, PTZ cameras, and other live production devices all from one compact interface. It is a wild fusion of two well-established SKAARHOJ products - Live Fly and PTZ Fly - both combined in a chassis which allows desktop operation or rack/table mounting. Rack Fusion Live seamlessly integrates almost any live switching system with a wide variety of PTZ cameras.

Benefits

- Hall Effect joystick and NKK buttons for supreme control precision and durability.
- Versatile design for both rack-mounting and desktop use, catering to small crew needs.
- Advanced visual cues from RGB LEDs and OLED displays for immediate feedback.
- Comprehensive control features including a custom bus row and transition fader.
- Enhanced PTZ and live switching control, perfect for dynamic production environments.
- PoE+ enabled for efficient power management and setup simplicity.
- Danish design and build quality ensure reliability and performance excellence.
