

Rack Pro 2

Core Product

Rack Pro 2 - Rack-mounted panel for universal control

The Rack Pro series features versatile, rack-mountable broadcast-grade control panels designed for streamlined control and familiar touch feeling. Equipped with customizable a mix of NKK buttons, silicon buttons and encoder, as well as crisp OLED displays, it offers seamless integration with multiple routing, live switching, and miscellaneous devices from the broadcast, live production and AV worlds.. Its compact and modular design ensures compatibility with major protocols and devices such as Ember+, SW-P-08 (ProBel), BlackMagic, AJA, Evertz, Grass Valley, Riedel, and many more, providing precise and flexible control for studio, OB Van and Flypack setups.

Benefits

- High-quality NKK and elastomer buttons for nuanced tactile control.
- Large OLED display and rotary knob enhance control precision.
- 19-inch, 1U design for easy integration in racks or desktop setups.
- Blue Pill Inside enables full hardware component configurability.
- Adaptable control solutions for managing multiple devices efficiently.
- Perfect for fast-paced production settings requiring professional control.
- Offers customization freedom to align with specific operational needs.
